PROFESSIONAL SUMMARY

B.Tech graduate in Computer Science and Engineering with practical experience in **Python development** and front-end technologies including HTML, CSS, and basic JavaScript. Skilled in working with SQL databases and building meaningful visual insights using Power BI. Actively exploring **data analytics, AI, and machine learning**, with growing knowledge of core concepts and their real-world use. Driven by curiosity, focused on crafting clean, user-centric solutions, and eager to contribute to projects that blend software development with intelligent data-driven decision making

EDUCATION

B.TECH IN COMPUTER SCIENCE AND ENGINEERING

BTI-Bangalore Technological Institute [CGPA:8.8]

WORK EXPERIENCE

1.Full Stack Intern – FUTURE INTERNS

AUG2025-SEPT2025

- **Developed a personal portfolio website using HTML, CSS, and Bootstrap**, creating a responsive interface to showcase work and professional details effectively.
- **Built a mini e-commerce platform using JavaScript, SQL, and PHP**, implementing product listings, cart operations, and smooth transactional flow.
- **Redesigned the Starbucks brand website using Figma and React**, enhancing UI consistency, component structure, and overall user engagement.

PROJECTS

1.Pharmacy Management System: A pharmacy management system is software system designed to streamline and **automate and operations** of a pharmacy system. It helps manage **inventory ,track ,prescriptions** , process sales and **reduce manual work**.

2.Real-Time Malicious URL and Inappropriate Content Blocking System: Implemented a machine learning-based system for malicious URL detection, leveraging feature engineering and supervised **classification** to enhance threat **identification** and **cybersecurity measures**.

3.Mini E-Commerce website: Developed a functional online store using **JavaScript, SQL & PHP**, featuring product display, cart operations, and basic checkout flow.Implemented structured data handling and responsive UI to ensure smooth navigation and user interaction.

TECHNICAL SKILLS

- Languages: Python, HTML, CSS, SQL, Basic JS, Django
- Databases: MySQL , DBMS
- Tools: Git, GitHub, VS Code, Anaconda, Microsoft Office (Excel, Word, PowerPoint)
- Platforms: Linux ,Ubuntu, Windows, VirtualBox.

CERTIFICATIONS

- Programming In Python | NPTEL {CEC}
- PYTHON Programming & Basic JS,PHP | Udemy
- Introduction To AI, ,Natural language Processing , Deep Learning |Infosys Springboard
- Introduction to Modern AI |Cisco
- Power BI and CHATGPT for Data Analytics |Simplilearn

SOFT SKILLS

Team Collaboration | Problem Solving | Quick Learner | Time Management

LANGUAGES

- English | Full Professional Proficiency
- Hindi | Full Professional Proficiency
- Kannada | Native Bilingual language
